WELCOME TO SAMARKAND STATE UNIVERSITY!

Admission to the university is an important step for every person, which largely determines his future life and destiny. That is why it is so important to determine the future specialty and university, in which you will go to study. If you decide to get a higher education at Samarkand State University, this will undoubtedly be the right choice.

Samarkand State University is one of the largest universities in Uzbekistan. About 18,000 students from various regions of Central Asia study at the university.

The structure of the university includes 15 faculties, a preparatory department and a language center, as well as a number of scientific and educational laboratories. The Information and Resource Center named after Abdurakhman Zhomi is one of the best in the system of universities in Uzbekistan and has 3.5 million items.

Sports complex, medical center, computer classes, creative and other centers distinguish our university.

We are happy to see SamSU students as those who set a goal to get quality education based on modern technology.

Always aspire to novelty, be inquisitive and do not be afraid of difficulties. All this will help to realize your potential and based on this find your career in science, education and society.

We are waiting for you at our university!

Sincerely, rector of SamSU

R.I. Khalmuradov

PREPARATORY DEPARTMENT

Training at Samarkand State University, as well as in other higher educational institutions of Uzbekistan, is conducted in Uzbek, Russian and English.

Therefore, foreign citizens who need to improve their language skills, should receive training at the preparatory department. Within 10 months, students can learn Russian, as well as special disciplines (mathematics, physics, foreign language, etc.). Upon successful passing of exams, students receive a certificate of pedagogical training, which entitles them to enroll in the first course of the university in their chosen specialty. Classes at the preparatory department are held annually from 1 October. The group consists of 8-10 people.

Training under the program of the preparatory department of the Samarkand State University is based on modern teaching methods and materials.

ACCOMODATION

During the training you will be given a place in the hostel, located on the campus. Comfortable rooms are designed for two or three people. At your disposal will be bathroom and kitchen.

Foreign students can have a place in hostel free of charge.

A hostel is a multinational student family. We hope that living in it will bring you much pleasure, joy and new acquaintances, because here you can find a lot of friends from different parts of the world. And communication with students from the regions of Uzbekistan will help you both to get acquainted with Uzbek culture and ensure a regular language practice.

We very much hope that this information will be useful and will help you become a student of the Samarkand State University! Feel free to contact International Office and SamSU for any questions.
